NANCY GUTHRIE NEW DEMAND LETTER CLAIMING VIDEO OF NANCY, KIDNAPPER

EXCLUSIVE

By **TMZ STAFF**

Published **June 26, 2026** 7:54 AM PDT | Updated **June 27, 2026** 3:25 PM PDT

TMZ has received yet another email from the person claiming to know the identities of **Nancy Guthrie**'s kidnappers, and this time he says he has video of the "main guy" and Nancy the day she died.

AD

TMZ

We have authenticated the new email is from the same person who sent us the previous ones. He references an old Bitcoin address, which matches, as does his alias in the email.

I Just Received Another Nancy Guthrie Note... | TMZ

Watch on

He seems to scoff at our report the FBI believes the person who wrote the email might be a woman. He goes on to say ... "I am not the idiot who recently called in a tip about her burial site in Mexico."

He claims there are 2 kidnappers -- he has said previously there was more than one.

Then he drops new claims. He says, "I have a phone stashed in a secure location guaranteeing both the information it stores and the safety of the phone." He goes on to say, "What it contains is my definition of delivering them on a silver platter, a short video of the main guy with nancy the day that was probably her last, pictures of both involved, names and addresses and age."

He claims the phone is in a "location easy to access if you know where it is." He says he will ante up the password for one Bitcoin, and gives a new Bitcoin address.

We have posted our reaction to his demand, which is to say he should send us one screengrab of Nancy to authenticate his claim.

We have forwarded the email to the FBI.

Pay the bitcoin and get the phone - if you truly want peace it's a place to start. Sitting on your hands waiting for someone to hand you a map for free isnt going to happen.

If I was Savannah I would've paid the first ransom demand just in case it was real and they would return my mother. If they want closure, they should entertain this. If you get scammed then you know better but maybe it's real!

I agree! One bitcoin is close to \$60,000 American dollars; both the F.B.I and the Guthrie family have offered a lot more than that. I would think it would be worth sending it, even if it turns out to be false. If it was my mother, I certainly would, that family has to grieve for Nancy and start living again. I would not, at first ask for a picture of Nancy. It is so cruel to talk about Nancy's death in the letter, in such a cold way. Get Nancy back, then find those evil creatures.

Seriously. What an absolute 🤡 show. The FBI & local PD have bungled this case beyond!

The FBI screwed it up. Fun fact, the sheriff didn't ask for them to show up. You know who directed the FBI to get involved? FOTUS. I don't recall any president in my lifetime since 72, that had gotten personally involved a civilians adult-napping!. There are hundreds of thousands kid and adult-napped yearly. And FOTUS gets involved in this one? Follow this, goggle Savannah Guthrie and Epstein victim interviews. Who was friends with Jeffrey for over 20 years? 47. It's all tied together somehow.

Actually the FBI and US Presidents have been involved in kidnappings of well known figures family. (Whether right or wrong, it is usually when a story has taken over national headlines). When Charles Lindbergh's baby was kidnapped not one but two Presidents asked for assistance from the FBI Hoover and FDR. The real problem is people that strongly like or strongly dislike the current President , everything has to circle back to him. Would it be nice if all kidnapping families got this type of assistance? 100 percent. But him reaching out to help one because it came to his attention, I don't see how that is a bad thing.

I don't think so... I think he has a phone, I think he is involved... I also think he wants to separate himself from the kidnappers & kidnapping as much as possible as he does not want to go to jail... The kidnappers are prob. in Mexico, her body is prob in the US, I would be willing to bet its relatively close to her house. What I would like to know along with everyone else is the motive... why take an old lady? did they know who they were getting or not? its just an odd situation all around.

This is why wealthy people usually hire private specialists for kidnappings. They do it on the DL. She very well may have done this bc if not, she will never forgive herself for trusting law enforcement to handle it.

In reality people negotiate with terrorists all the time. It's like saying the valet company or dry cleaner isn't responsible for damage. Ofc they are but people read the ticket & believe it so they don't sue. It's just a deterrent bc non lawyers fall for this.

1 1 

what????! Saying a varet company is equal to a terrorist organization is insanity!

Okay... but if they send the money... where's the absolute guarantee that they will actually get the location of her body? And will this not only encourage other kidnappers to do this same thing to another family?

Savannah Guthrie was on the news saying - tell us where she is WE WILL PAY YOU. Now it's time to pay - this is what the family is asking for. Other families can make the choice based on their desires, but this is what Savannah herself asked for.

I get what you're saying. I really do. But you have to understand the FBI or whoever is telling her not to say stuff like that and rescinding things. The crime units are doing their own things that they've been trained to do.

If I'm the "snitch" trying to expose the killer and start a new life elsewhere, the million dollar reward will get me further than one bitcoin. If this is legit, tell us what she was wearing in the video Anything, that proves you saw something. I'm calling BS! I assure you, if this person can truly break the case, he would. For one million dollars, not \$60,000! AND the actual "killer" knows who was around during this time. This person would've already been dealt with after his 1st "I know something" email to the media. Or the "so called snitch" is truly the killer!

All you folks criticizing her family, law enforcement and everything else seriously need to STFU. The FACT is, this situation is so terrible none of us can say exactly what we would do other than be in shock. Her family did their best. Hopefully these folks will have a smear of humanity and give them closure and peace.
